

Medical Oxygen Hose

Applications:

For low pressure oxygen transports

Properties:

Non-conductive hose
100% pure oxygen compatible
Special blend of raw materials, for medical application

Standard Colors:

Shiny green / white, and other colors upon request

Temperatures Range:

-14°C < Temp <65°C

Standards:

Tolerance:
ISO 1307 / ISO 5359 / ISO 18562
Biocompatibility test - (group ME).
DEHP - Phthalate free
Latex free
Sterilization resistance
Food contact - EU 10/2011
EU-2015/174
EU Reach - CE 1907/2006
ROHS-2002/95/CE
2011/65 EU
2015/863
FDA 21 CFR 175.000

Testing:

Working pressure	Burst pressure
-10°C (14°F)	22°C
13.8 Bar	45 Bar
200 psi	
74°C (165°F)	74°C (165°F)
13.8 Bar	25 Bar
200 psi	

Code	I.D.	O.D.	Working pressure	Weight gr / m	Roll Length
	mm ± 0.5	mm ± 0.5	Bar / 20°C	± 10%	Meter ± 1%
110890006UN	6.3	12.6	20	120	50

*I.D and O.D - can be change upon request

*Roll length upon request

sizes are available upon request.
