

PVC covered

Applications:

Protection of electrical cables and optic fibers.

Description:

Galvanized steel core, PVC jacketed.

Light style, highly flexibility and liquid-tightness.

Water proof, corrosion resistant, sunlight resistant.

For mass production equipment, machine tools and any marrow space for electrical wiring applications

Properties:

High elasticity.

Good mechanical resistance.

Ideal for medium duty applications

Temperatures Range:

-15°C < Temp < 70°C

Standard color:

PVC color black.
